BIDS FOR NEW $40,000 BANK BUILDING OPEN MARCH 13

Operator of a House of Ill Fame and Liquor Violators Pay $675 Into Niles Court

Judge J. A. Silva collected $675 in fines on Feb. 15, principals in liquor violations and houses of ill fame being included, according to the records at the local justice court.

Mary Diamond, formerly of San Jose, was arrested in Irvington along with Peter Brown, Gean Smith and Jane Doe, charged with operating and residing in a house of ill fame. Brown was fined $250 for possession of gin and whiskey, Mary Diamond $50, Gean Smith $50, and Jane Doe $25. Mary Diamond paid all the fines amounting to $375.

Mike Hollauf, of Newark, was fined $100 for selling wine in an ice cream stand.

Jack Sands, of Irvington, was fined $200 for possession of jackass brandy.

It is reported that several of these violators of the law claimed to have been carrying on their trades for years in a neighboring county. Two weeks after they took up their residence in Alameda county the officers of the law pronced upon them and brought them to swift justice.

Local Material Will Be Used as Far As Possible

BIDS FOR THE new $40,000 Niles branch of the Bank of Alameda County will be opened March 13, construction to begin as soon as definite plans for the new 100-foot highway to go through Niles are announced, according to J. R. Blacow, secretary of the board of directors.

Local materials are to be used as far as possible in the construction of the building and it is hoped that a local contractor will make the winning bid for the construction work.

Blue-prints for the proposed bank home indicate a building that will be a distinct addition to Niles' main street. The structure will be mainly buff brick trimmed with terra cotta, the base up as far as the windows to be marble. Roof will be local M & M tile. The Dickey-Clay Products Company will make the brick at Livermore.

The building will be 75-feet on I street and 50 feet on First street, with a 15-foot store building on the south side which is to be rented.

A seven-inch solid steel door will give the bank grade "A" insurance rating.

OFFICERS FOR COMMERCE BODY TO BE ELECTED

The Register's Publisher Opposes Method of Election

Officers for the Chamber of Commerce will be elected at the meeting next Tuesday, members of the nominating committee being Robert Blacow, Lester Duffey, E. E. Dias, Dr. Chas. H. Law and W. B. Kirk.

Norman Parks, publisher of The Register, was present and objected to the method of election, claiming that it was not in keeping with the By-Laws and Constitution. In this regard Mr. Parks spoke as follows:

"The constitution and by-laws of this organization confers no power upon the president to appoint a nominating committee. The instrument merely reads that the nominations shall be made at least one meeting previous to the election.

"Another thing, gentlemen, which seems to have been lost sight of in previous years is the fact that the by-laws explicitly say that the election shall be made by ballot. What is the meaning of "ballot"? Webster's dictionary, which we accept as an authority, gives the definition as, "any object, especially a printed ticket, used in secret voting."

"There has been no secret voting connected with past elections of officers and directors of this Chamber of Commerce. Indeed, there has been no choice. The few members of the nominating committee select but one candidate for each office and the chair presents them with the question, "Is there any objection to the election of these nominees?" Of course there is no objection. Who among us would care to get up and announce that he did not want this or that man for president, or for the other positions? It would be personal discourtesy. So the slate is swallowed without protest. Afterwards the members may go away displeased, perhaps never to attend another meeting. They have had no choice. The ticket has

THREE MEMBERS SANITARY BOARD TO BE ELECTED

No Contestants Said To Be Candidates With Incumbents

An election in the Sanitary District of Niles will be held March 4. Members whose terms expire are E. E. Dias, George Bonde and J. E. Townsend. No other candidates have announced. Other members of the board are L. A. Vieux, and Tom Elliott.

Engagement of Miss Roeding Announced

The engagement of Miss Eleanor Louise Roeding, of Piedmont, and John G. Sutton, Jr., of San Francisco, and Menlo Park was announced last night at a small dinner party at the Roeding home in Piedmont. The wedding will be an event of the spring.

The bride-elect is the daughter of Mrs. George C. Roeding, of Piedmont, and the late Mr. Roeding, who was the leading agricultural authority of the Coast, and was a regent of the University of California. She is a sister of George C. Roeding, president of the California Nursery Company, whose marriage to Miss Frances Baldwin, of Honolulu, took place two years ago, and of Mrs. Bernard Butler of Honolulu. Miss Evelyn Roeding is a sister of the future bride, and her uncles are Frederick and Henry Roeding.

Miss Roeding attended the Castillejo school in Palo Alto and later the University of California. She completed her education in Paris, where she spent a year after her graduation from the University of California.

Mr. Sutton is the son of Mr. and Mrs. John G. Sutton of San Francisco. The family country home is at Menlo Park. The bridegroom-elect is a brother of R. Robbins Sutton, and a nephew of R. D. Robbins, Mr. Lloyd and W. C. Robbins and Dr. Irving Robbins and Mrs. C. H. Hilbert, of New York. The grandfather, the late R. D. Robbins, was a prominent figure in Salano county and San Francisco. Mr. Sutton is a graduate of the University of California.

Niles Eligible for Police District

Word has been received from the District Attorney's office that under the new county charter Niles can form a police district just as the sanitary and fire districts now exist. This matter will be discussed at the Chamber of Commerce next week, after a report by Dr. Chas. Law, chairman of the committee on investigation.

TWO BONDS OF $250 EACH ARE FORFEITED

Mabel Mabin and Olive Ryan, arrested in the recent raid upon the "Bucket of Blood" roadhouse at Warm Springs and charged with vagrancy failed to appear before Judge Allen G. Norris Tuesday afternoon and forfeited their bonds of $250 each.

NILES MAN INJURED IN MYSTERY WRECK

Joe Perry, of Niles, is in a San Jose hospital, suffering from injuries sustained in an automobile accident the first of this week, not far from Niles. Nobody seems to know how the accident happened.

Perry was picked up by Leonard Crothers, 171 George street, San Jose, shortly after the accident.

Jerome J. Lanz, of Sunnyvale, was a visitor in Niles Saturday night.

Washington Township Votes In Favor of Junior College Move

HIGH SCHOOL PLAY SCORES BIG HIT

Orchestra Comes In For Its Share of Praise and Applause

Indisputable proof that the Washington Union High school can put on a 100 per cent first class dramatic program was seen at the performance of "Penrod" last Friday evening when a capacity audience thoroughly enjoyed every minute of the four-act play given under the direction of Miss Laura Taylor of the faculty.

Coming in for their share of the praise and enthusiastic applause, also, were members of the high school orchestra and their director, John C. Kimber. The improvement of the music upon that at any previous time by this group was nothing less than astounding. "If we can keep going," said Mr. Kimber, "Next year we will be able to give you some real music. The students are just beginning to realize what it means."

Edward Witherly, as Penrod, and Clarence Lucas as Sam Williams, were the unmistakable stars of the performance. Their interpretation of their roles was nothing short of perfect and could not have been better done by professionals.

Gertrude Ellsworth, as leading lady, played her part admirably. She was pretty enough to satisfy the most exacting and her attractive costumes for the various acts added a touch of color and beauty to the production. Edward Wargin, playing opposite her,

Meeting at High School Tuesday Attended by More Than 50

Representatives from all parts of Washington Township met at the high school Tuesday evening and adopted without a dissenting vote a motion that we establish a junior college in Southern Alameda county. More than fifty were present, most of them being tax-payers and parents of children who would benefit by the Junior College.

Fred Dusterberry opened the meeting, giving a brief account of last week's gathering in Hayward. He then turned the meeting over to F. Vernon Jones, secretary of the high school board of trustees, who presided during the discussion.

Vice-Principal Foster, of the Hayward High school, explained the process of obtaining such an institution as stated in another column of this issue of The Register. Mr. Jones asked for comments and various citizens responded, including Mrs. J. C. Shinn who gave a most interesting discussion of the development of colleges in the United States and expressed the belief that the junior college would come whether all of us approved of it or not, because it was the logical solution of the problem facing parents of boys and girls graduating from high schools today.

Jack Whipple, of Decoto, spoke against the issue, stating that he believed boys and girls in a large university received a certain amount of inspiration they could not get from the smaller junior college. He also suggested that several institutions of this kind had failed in the state. These specific instances were explained

ADVERTISING CLUB OF NILES IS ORGANIZED WITH LAW PRESIDENT

ORGANIZATION OF THE Advertising Club of Niles took place at a meeting held in the Egyptian Ballroom Friday evening, the attendance being a considerable increase over the first gathering held about two weeks ago. Dr. Chas. H. Law was elected president, W. J. Helm, vice-president, and Mrs. J. C. Shinn, secretary-treasurer.

The next meeting will be held a week from Wednesday evening following the show at the Niles theater. All those interested and wishing to join are asked to meet on the stage following the show, Wednesday, February 27.

The purpose of the club was stated to be the advertising of Niles in every possible way with a view to bringing new business enterprises and new residents to the community. Each member is asked to suggest a slogan at the next meeting, the only one being submitted to date, "Better Business for Niles."

It was suggested that the local Advertising Club affiliate with the Oakland Advertising Club and benefit by the national convention to be held in June. This matter is to be investigated and reported on at the next meeting.

A committee was appointed to draw up a constitution and by-laws.

All those present were urged to attend the meeting at the high school Tuesday in the interest of the junior college.

It was stated that every member should do his best to establish the fact that this new organization is not organized to oppose the Chamber of Commerce in any way but rather to supplement and cooperate with that organization. The group is formed for the benefit of those who wish to make an organized effort to promote the community and who for various reasons cannot join in the Tuesday luncheon meetings of the Chamber of Commerce.

New Fire Hall Will Be Opened Next Week

Opening of the new home of the Niles Fire Department has been postponed until next week, as announced by Fire Chief Bert Rathbun. Arrangements have been made to tear down the old water tank next to the fire hall.

No plans have been arranged for a special program, this matter to be decided at a board meeting this week.

LEGION MEETING

THE AVANT-COURIER OF EXPANSION

THE BANK of Alameda County has announced definite plans for the new building it will erect on I and First streets to be occupied by their financial institution. The structure will cost $40,000 or more. When completed, it will contain the most modern appurtenances for the transaction of banking and the convenience of its customers, and the building itself will be a lasting monument to the progressive spirit of its officers and directors.

At the Chamber of Commerce meeting Tuesday J. R. Blacow, secretary of the Bank of Alameda County, both surprised and electrified his auditors with the statement that his association was now ready to go ahead with an expansion program. The announcement was an effective illustration of the bank's faith in Niles, and trade territory..

The Township Register congratulates the officers, directors and stockholders of the bank of Alameda County on its determination to pave the way for a greater, more beautiful Niles; a Niles more progressive, more prosperous in 1929 than in any year of its history. The Register believes that this announcement will be but the avant-courier of industrial and commercial expansion of other firms established here, and act as an encouragement to outside capital to enter this splendidly located city, destined by every natural advantage to become one of, if not the most, important city in Alameda County outside the metropolis of Oakland.

THE JUNIOR COLLEGE

THAT WAS a splendid gathering of progressive thinking and acting citizens Tuesday night in Centerville, at the culmination of which unanimous endorsement was given to the move to establish a Junior College in Washington Township.

The original plan calls for a union of interests between the townships of Eden, Washington, Pleasanton and Murray, and under the combined assessed valuations of this rich territory the proposed college would call for a seven-cent tax in its initial year, probably diminishing, rather than increasing, as time went on. Should, however, Pleasanton and Murray decline to join with the abutting townships, then there is no good reason, financial or otherwise, why Washington and Eden should not take this forward stride alone.

With these two townships participating in this educational program, the tax is estimated at 10 cents the hundred, not at all an expense commensurate with the vast benefit accruing to property in the district, to say nothing of the greater and more lasting good that would come to the children, the future citizens of this community—an investment in brains that far-outweighs the sordidness of mere currency.

Here is an opportunity to add to the advantages of Washington Township as a place to make a permanent home and in which rear the coming generation. Let us unite as one—with our shoulder to the wheel—act in complete unity and consonance—and with such a force and such purpose that our objective will be won.

CALIFORNIA NURSERY GIVES SCHOOL ROSES

Nineteen rosebushes were planted at the Niles Grammar school last week, ten of these being donated by The California Nursery Company.

E. D. Bristow, principal, in commenting upon the beautification of the school yerd, stated that he believed children who were taught respect for flowers made better citizens. 'We hope that the children will be encouraged to beautify their own homes," said Mr. Bristow.

Burbank day will be celebrated at the school by planting a number of ornamental shrubs. These will be obtained from The California Nursery company also.

SCOUT COMMITTEE ELECTS OFFICERS

Officers of the Boy Scout Committee of Niles were elected at a meeting held at the Schuckl cannery last Thursday evening. J. E. Townsend was made chairman; A. F. Johnson, secretary; Tony Alves, treasurer; Don Yslas, activities; Jack Geibs, training.

Meetings will be held monthly and plans are on foot to make the Niles troop one of the outstanding groups in the county.

At the Court of Honor held last Tuesday at Centerville, Jack Townsend was given his second-class badge.

Population of Bakersfield estimated at 33,777.

Information About Establishing Junior College In Township

(Information regarding the establishment of a junior college in a letter received recently from Superintendent David E. Martin by Mrs. J. E. Thane is printed here for the interest of those concerned with this matter):

A part of Mr. Martin's letter is quoted as follows:

"Act 1477 of the legislature establishes a junior college. Any high school district with an average daily attendance of 500 or more and an assessed valuation of at least ten millions may establish a junior college.

Washington Union high school district can qualify on the assessed valuation but not on the average daily attendance. Hayward Union high school can qualify on both accounts. A combination of Washington Union high and Amador Valley Union high at Pleasanton, would be suffiently large; or Washington and Livermore; or all three combined; or an Eastern Alameda county junior college district might be formed that could have an assessed valuation of about twenty-two millions provided it included Hayward, Washington, Amador and Livermore high schools.

In order to establish such a district a petition signed by 500 or more qaulified electors residing in the proposed district must be presented to the county superintendent of schools asking for the formation of a junior college district. If said petition is sufficient after verification signatures, the State Board of Education must approve the petition. Then an election is called by that county superintendent of schools to determine the question whether or not a junior college district shall be formed. If a majority of all the votes cast is in favor of establishing the junior college district, the supervisors shall make an order declaring such district to be formed and the same is duly formed with the filing of a certificate by the county superintendent of schools showing that the proposition carried at the election.

Thereupon the high school board becomes a junior college board in the case of a single district forming a junior college district. In every union, joint union, county or joint county junior college district, the board will be composed of five members elected at large for a term of three years.

There are now in the neighborhood of 225 or 250 Alameda county pupils attending at San Mateo, Sacramento, San Rafael, Modesto, Hollister and Santa Rose, the big bulk of the pupils being at San Mateo and Sacramento. I am convinced that such a college no matter where located in Alameda county would open with 500 or 600 pupils and inside of five years would have an enrollment of three or four times that number. Our state university is so badly over-crowded and conditions there are such that it makes it particularly hard sledding for youngsters just out of high school. Many parents prefer to send their children to the junior college for two years rather than to throw them into an institution as large as California where they are fortunate if they orient themselves so as to survive."

DID YOU EVER STOP TO THINK?

by
EDSON R. WAITE, Shawnee, Oklahoma

E. R. CULLINS, ADVERTISING MANAGER OF THE SCHENECTADY (N. Y.) UNION STAR, SAYS:

THAT the geographical extent of your community is circumscribed almost precisely by extent to which news and happenings of the territory covered have a common interest. With your newspaper ever reaching out and interesting folks in a constantly increasing radius, these additional families are becoming interested in what is happening in any portion of the territory covered, but particularly in the central point.

Shrewd merchants are quick to appreciate this fact as is shown by the record of 1928 gains in volume of business by keen managers of department and chain stores. Intelligent and persistent advertising has aided these stores in adding new customers and making their high sales records. To have goods on the shelves is not enough, the progressive merchant must tell his world about them, and he depends more and more on his newspaper to not only reach his logical market but to add to it from month to month and year to year.

YOUR NEWSPAPER AND YOUR ADVERTISING STORE ARE PERFORMING A PUBLIC SERVICE FOR YOUR COMMUNITY BY ENLARGING ITS MARKET THROUGH INTERESTING NEW FOLKS IN THE THINGS IN WHICH THEY HAVE A VITAL INTEREST.

Both Sides of County Unit Plan

FOR — AGAINST

Most of the local people interested in the schools are not in favor of the county unit plan Here is an argument in favor of this proposed law:

Dr. Henry Suzzallo, sometime Head of the Department of Elementary Education of Teachers College, Columbia University, New York, former President of the University of Washington, and now Specialist in Education for the Carnegie Foundation for the Advancement of Teaching, today endorsed the county unit plan of school administration as sponsored by the educational commission of California Taxpayers' Association.

"I am firmly convinced that the local units of school management are usualy both too small and too numerous," said Dr. Suzzallo. "Every careful investigation has revealed that educational inefficiency and financial waste exist."

"So far as natural human groupings, contacts and relations are concerned, the rural and urban school districts are much smaller than they used to be. They were made the size they were seventy or eighty years ago because primary school children could not walk very far over poor roads in bad weather. Nor did their parents have daily relations social or economic, over much teritory when horse travel over poor country roads was an obstacle. Now the natural community unit has vastly increased in size, due to the splendid highways, automobiles and the school bus. The size of the school unit must be correspondingly increased. Schools should draw from a wider territory."

"The unit of school management should be much larger than the unit of a single plant operation if the children are to be given an opportunity for modern education. The cities have been able to do much for the education of boys and girls that the present rural school districts can not do at all. Real democracy in education is measured by results. The test is found in whether or not all children get an equalized opportunity for education of the best sort. The present small school district management does not meet the test. It is the children we must think about, not the school trustees who may like their prerogratives or the school men who fear change."

Why should any man, or group of men, or any organization, desire to take from country communities, villages, and towns their right to manage the schools which are their pride?

This question may have its answer suggested by another question:

Who is it that proposes this County Unit Plan for school administration?

It comes from the Educational Commission.

And what is the Educational Commission?

The Educational Commission is a group of men chosen and financed by the California Taxpayers' Association.

The inclosed reprint of an article appearing in the Sacramento Bee of December twenty-first, gives the history, purposes, methods, and sources of support of the California Taxpayers' Association.

The California Taxpayers' Association is thus presented to us as a group of public utilities, not of small tax-paying farmers, merchants, mechanics, and independent business men, as we have supposed.

Any scheme for school reorganization that comes from the councils of great corporations might be judged to be just what the presently proposed County Unit Plan is: A plan for spraying so many pieces of human machinery with so many coats of educational process at so much per unit. Corporation efficiency! Corporation machinery! Corporation statistical methods! Corporation chosen educational leaders! The new educational philosophy, mechanism that is cold, impersonal, inhuman, calculating, and profitable!

And why this intense interest of the public utilities in the public school system?

The interest is financial.

Local districts are taxing themselves to the limit for buildings, equipment, transportation, and general operation and maintenance. The greatest point of weaknes in the existing elementary school system is the lack of rural and town districts. Relief can only come from the state. The state gets the money for such a purpose from the corporations. Anticipating a demand for more money for rural teachers' salaries, the corporations have prepared the County Unit Plan as their defense.

The County Unit Plan for school administration is the scheme that has already been fastened onto the defenseless South with its overwhelming Negro population. The school leaders of that unfortunate region cry aloud to the nation for freedom from the educational bondage which makes every teacher a slave to aristocracy and privilege.

Negro slavery was rejected by the North, and destroyed from the South. The County Unit Plan for School Administration has likewise been rejected by the North, where the school leaders and the legislators of state after state have victoriously defended the institution of democratic representative government against all attacks from a system of education which denies the ability of men and women to govern themselves and to manage the schools which train their sons and daughters for the privileges and duties of citizenship.

There is no place in California for the County Unit Plan for School Administration. This is the land of the initiative, the referendum, the recall, the direct election, compensation insurance, humanitarian legislation, and a system of education that challenges the admiration of the world.

C. E. CONVENTION AT SAN LEANDRO MARCH 1, 2 AND 3

Nearly one thousand young people in all parts of Alameda county with several delegations from Washington Township are expected to attend the Forty-second Annual convention of the Alameda County Christian Endeavor Union to be held in the San Leandro Presbyterian church, March 1-2-3. Being the first time an eastbay endeavor convention has ever been held outside of Oakland, Alameda or Berkeley lends an added interest to the affair.

According to the latest announcement of County President George A. Bielow, Jr., the main speaker for the Sunday evening of the convention will be Rev. Luther A. Stein, pastor of the Lincoln Park Presbyterian church, San Francisco. Stein is one of the most popular ministers across tha bay. Although a young man, he has served two years as pastoral counsellor of Golden Gate Christian Endeavor Union.

Another speaker who is a favorite at both county and state conventions is Dr. Herbert P. Shaw, pastor of the Westside Christian church, San Francisco. He will address the convention the opening night, March 1.

Howard L. Brown, California's most popular field secretary, will have a part in all the big sessions of the conclave.

Ten pennants are to be awarded to honor societies which preregister 100 per cent of their membership. Four societies in Oakland and Berkeley have won places on the honor roll, so far. San Leandro endeavor leaders who compose the local convention committee are the following: George Bowen, chairman; Miss Agnes Young, registration, Robert Leard, ushers. Other members of the committee will be announced as appointed.

The convention theme will be "Christ Our Commander."

HOW WILL ETHYL IMPROVE MY CAR

1. *Ethyl gasoline will immediately eliminate all "carbon knocks."**
2. *Ethyl will give you greater power and speed.**
3. *Ethyl means smoother and easier driving in traffic—easier starting with instant acceleration at all speeds.**
4. *Ethyl reduces gear shifting to a minimum.**
5. *Ethyl enables you to climb hills in high you have never climbed before.**
6. *Ethyl means generally reduced operating costs—it eliminates destructive vibration and minimizes engine depreciation.***

In the modern high compression motors — 68% of all automobiles made in this country today have them—Ethyl is an absolute necessity to secure the improved performance for which they were designed.

With fully advanced spark and properly adjusted carburetor the improvement over any other gasoline is so great as to more than justify the small premium charged—a premium which represents the actual cost of the *Ethyl* fluid added to the gasoline.

Ethyl brand of anti-knock compound was developed in the great laboratories of the General Motors Corporation after seven years of costly and intensive research and the testing of more than 33,000 separate formulas. It is used today by 42 of the largest oil companies throughout the entire world and is endorsed by the foremost automotive engineers in the world

Because of the success of Ethyl gasoline, many imitations have appeared—so-called high compression gasolines totally inferior in quality and results. Ethyl is the only genuine anti-knock, high compression fuel and is sold only from pumps bearing the Ethyl trademark.

* To secure *maximum* results from your motor advance the spark at the distributor to a point where the "knock" is greatest with ordinary gasoline, set the carburetor to a leaner mixture, and then use Ethyl exclusively.

** Actual figures, compiled by the Dayton Power & Light Company covering a fleet of 195 motor vehicles of all types over a *five year period*, show a substantial reduction in *cost per mile* in all cars using Ethyl gasoline. Many other corporations can show a similar saving.

DUNLOP'S
SURETY
BOND
versus
Mileage Guarantees

USUALLY the poorer the tire, the longer the mileage guarantee. And what does the mileage guarantee get you? Usually a chance to argue and waste a lot of valuable time and temper.

What you want is a certainty that your tires will keep rolling. That is what you get with this new Surety Bond. It's backed both by Dunlop AND the American Surety Company.

It is as clear as crystal. In effect it says that for the first 12 months we will take all responsibility for your Dunlops giving perfect service.

It doesn't matter whether a tire fails through accident, or collision, or blow-out, or misalignment, or stone-bruise, or road-cuts, or rim-smash, or side-wall injuries, or tube-pinching, or valve-tearing, or faulty toe-in, or under-inflation. We repair it free, OR you get a new tire at a reduced price, depending on the time you have run it.

It's as wide as the horizon and as sure as sun-up. You need not waste either time or temper. We don't have to refer your claim to anybody. We make good here and instantly.

You just know the Surety Bond will be fulfilled. You just know that Dunlop Tires must be finer and stronger and better . . . otherwise how could they be backed by a Surety Bond like this?

Come in and read a copy. You will find it refreshing in its directness and its liberality.

NEW WELFARE CLUB IN CENTERVILLE

On Tuesday a Welfare Ship glided out into new waters. She has splendid officers and all who wish to help in the good work should get aboard.

Mrs. C. E. Anderson is the captain and she has a fine first-mate in Mrs. M. Mathiesen. The ladies were quite busy and a number of garments were sent in to be made up. Mrs. A. A. Hatch also had garments to be made, cut ready for finishing. The ladies decided they were too busy even for refreshments and will meet at Mrs. F. O. Bunting's in about two weeks.

Archdeacon Porter's presence was a joy to all who met him—and they look forward to his coming again.

Centerville Barber Aids Welfare Home

The children of the Welfare Home of Niles were given free hair cuts by Leo Moore, Sunday morning. This is very kind of Mr. Moore to open his shop to cut these needy children's hair. This is the second month which he has done this.

Fred Dusterberry should be credited for bringing the children to the barber shop and then driving them back again.

This shows that there are at least two men in the township who are interested in these orphans.

de Leon	6	3	500
Norris	3	6	200
Madruga	3	6	200

Games are being scheduled now with outside teams.

LOCAL GAS WAR

The garagemen and service station operators are waging a terrible war of prices this week.

Sunday the prices of gasoline was slashed to twelve cents, by two local garages.

Cars were lined up for two blocks on both sides of the pumps, Monday the price advanced to thirteen in one garage with a range of from 14 cents to 21 cents in the other stations and garages.

This beats all the war prices in the East Bay cities.

EXPERT TYPIST AT SERVICE CLUB MEET

R. G. Anderson of the San Jose Secretarial school was the speaker of the day at the meeting of the Centerville Service Club today. He spoke regarding the history of stenography and one of his typists, Miss Louise English gave a demonstration of expert typing and shorthand, attaining a speed of 212 words per minute on the typewriter.

Joseph Dias, principal of the Centerville Grammar school, was chairman of the day.

Washington Birthday gifts were distributed by Frank Dusterberry, president.

No reports on changing the name of Centerville were given, the un-official information being that the people were voting two to one against any change.

Next week's chairman will be Jack Burns.

* * *

Much amusement was caused by the idea of the change of name for our town. The one who suggested it could not have known that the name has stood good for nearly one hundred years. It is the "center" for township—center between Oakland and San Jose—center of six sister towns. It is a home-town beautiful; little bungalows with gardens that are joys to look at. Very important records are here and often called for.

If any one objects for fear of being called a "Hick" they should move to the city at once. We love the country; we admire our farmers and that is just why we are in Centerville.

Joe V. Henrigues, of Milpitas, purchased a Nash sedan on February 18.

NASH SALES ARE BREAKING RECORD AT CENTERVILLE

February has been by far the biggest month in Nash history in Washington Township for the Centerville Nash company. A special carload of Nash 400's has been ordered to take care of the orders which are literally pouring in.

Edward George, proprietor, feels keenly gratified that the public has so cordially received the car which he recommends.

BOX SOCIAL IS SUCCESS

Saturday evening, at the Presbyterian church parlors, a social was held. After a pleasant evening spent in playing games the box lunches were auctioned off by P. C. Hansen. They were completely sold out, and a moderate sum was raised. The Ladies' Aid Society sponsored this social. Mrs. J. S. Bell and Mrs. C. E. Anderson were in charge of arrangements.

LESLIE SALT BOYS ARE DEFEATED AT PLEASANTON

Leslie Salt basketball teams were defeated by the Pleasanton teams in two strenuously contested games at Pleasanton Wednesday evening. The Leslie Salt boys, however, are not discouraged and announce that they will play the Y. M. I team at Pleasanton next week and other games in San Jose later.

The score for the first team stood 34-18, and the second team, 24-18.

Leslie Salt teams were composed of Collins, Perry, Hyglund, Cull, Van Cleave, Wright, Jolliff, Steinhoff, Wyatt, All, Emmett and Soit. They were supported by a good rooting section from Washington Township.

Mrs. Wm. Eberly entertained with a luncheon last Saturday including a few friends from Niles and Centerville.

Bathtub Accident Injures Frank Rivers

Frank Rivers, of Newark, was taken to the Hayward Central hospital as a result of injuries received when he slipped when getting out of the bathtub, shoved his hand through a window and cut an artery in his arm, injuring his knee at the same time.

His cries for help brought his mother who fainted when she saw her son stretched upon the floor bleeding profusely. The father could not be awakened and Rivers got to his feet and ventured into the street. He hailed numerous passing motorists but none would stop to give aid.

Becoming desperate, Rivers took a truck belonging to the Arden Salt company and started for Centerville for surgical aid.

About half way between Newark and Centerville he fainted from loss of blood and the truck rambled down the highway at a dizzy speed, River's body slumped over the wheel. The truck left the road and crashed into a telephone pole.

The unconscious body was taken from the wreckage of the truck and brough into Centerville by a passing motorist. After being given first aid he was rushed to the Hayward Central hospital.

He expects to return home Friday.

THE CITY DWELLER in theUnited States goes today into the country for recreation, for quiet and health.

He builds resorts and good roads to get there.

The intelligent rural people in turn go to the city for those things of culture and charm which take the "hum drum" from the country life.

The shops and stores of the metropolitan centers **can economically carry** merchandise of better quality, higher artistry and style than can the merchant where buyer population is limited. The rural dweller can add to the beauty of suburban life the up to the minute and "different" which his or her city cousin considers sophisticated and smart.

Seasonable Foods

THERE are many mothers who realize the value of vegetables and strive to give them an important place in the children's dinner. When the small people have their meals with the grownups, care must be taken to create in them a liking for all kinds of vegetables. This is not so hard when father and mother both eat and praise such foods. If daddy won't eat carrots or spinach or lettuce it is much to expect that the small people will enjoy the food he refuses.

Vegetables must be carefully prepared, seasoned and served in order to foster a fondness for them.

Hot Molded Vegetables.—Grease a mold thoroughly and line bottom and sides with two cupfuls of cooked rice. Mix two cupfuls of any cooked vegetable, kohl-rabi, peas, carrots, celery, any or several of them. Leftovers may be used in this way. Pack this mixture into the mold, and cover with a thin layer of rice. Cover with greased cover or with oiled paper and steam for three-fourths of an hour. Turn out on a platter and serve with tomato sauce. This may be prepared from canned soup or made in the ordinary way.

Cabbage a la Russe.—Cut off as many large leaves of cabbage as you have persons to serve. Steam them in a steamer over hot water for ten minutes. Mix one and one-half cupfuls of leftover meat with one cupful of cooked rice, one-half teaspoonful of salt and one-eighth teaspoonful of pepper, three tablespoonfuls each of chopped green pepper and onion which have been fried until slightly brown in one-fourth cupful of butter. Add all together and mix with one beaten egg.

Cut a piece from the back rib of each cabbage leaf so that it will roll easily. Place a spoonful of the mixture on the leaf, fold in the sides and roll up. Fasten with toothpicks and cook in a little fat over a slow fire until tender. Serve with tomato sauce.

Twain Liked Typewriter.

Mark Twain is said to be the first author to submit typewritten manuscript to a publisher. In the autumn of 1874, Mr. Clemens was strolling down one of the streets of Boston with a friend, when he was drawn by curiosity to a strange-looking device in the window of a stationery store. It made a deep impression upon Twain, who purchased this primitive typewriter, and shortly thereafter the manuscript of "Life on the Mississippi" was typed on the machine which he had bought.

Reservations should be made with Mrs. A. S. Dondero, corresponding secretary of the Sixteenth district.

Richfield Used By Record-Breakers

In bringing back to the West the woman's endurance record for continuous flight, Miss Bobby Trout, record-smashing young aviatrix, utilized products of the West for her feat, a plane made on the Pacific Coast powered by a Pacific Coast gasoline.

The aviation world of the West commented on this fact in discusing the acomplishment of Miss Trout, first woman ever to make an all-night flight. For the plane that she used was a Golden Eagle powered with a LeBlond sixty horsepower motor and the gasoline was Richfield now becoming as famous for its flying victories as it long has been for victories on the speedways. She remained in the air for over seventeen hours

Miss Trout, between 5:10:45 p. m: Sunday, February tenth, and 10:15:22 a. m. Monday, her landing time, smashed or set five records. These were: New endurance flight record for women; new distance record for women; first all-night flight by lone woman; woman's speed record over closed course; American record for women over closed course, for men or women over closed course in this type of plane—two-seater weighing less than 881 pounds.

"FUN FROM BOTH SIDES OF THE WORLD."

Tonight (Thursday) the Decoto Community Christian Endeavor will entertain with a world party entitled "Fun from Both Sides of the World." After foreign names are given to the guests they will sail around the Pacific to Japan, China, Hawiian Islands, Mexico, and then return home by way of the Indian reservations in Arizona.

The various games are to be played on deck and at the different ports.

After singing "Home Sweet Home," refreshments of the same kind will be served by the social committee.

Philippine and Japanese speakers will deliver short talks.

This social concludes the two months topic of world friendship.

The social committee has worked hard to make this party a success.

Sixteen new books were received in the library this month. The patrons are taking advantage of this opportunity as all the books are in circulation now.

* * *

The Mothers' Club is meeting today ta the home of Miss L. M. Breina and Mrs. Elsie Luna.

Many Celebrities Claim Decoo As Their Home

Miss Vanessi Gardenier, a former resident of Decoto, is making a big hit at the Orpheum in Oakland this week. Vanessi, the charming dancer, is the headliner at that theater. She comes from Broadway, New York, where her career was made. Many of her friends and school-mates are visiting her this week.

Decoto certainly can produce stars, such as "Larry" Bettencourt, ex-all-American football center, and at present playing for the St. Louis Browns; Ezra Decoto, state railroad commissioner, and Venessi.

C. OF C. JUNIOR BASEBALL

The local ball team lost to the fast Ponco Club of San Francisco to the score of 7 to 5. Fritz Swanson pitched a fine game, besides being the star hitter. A large crowd was out to witness this game Sunday afternoon. Probably they will play the former town team this Sunday.

BREINER BIRTHDAY PARTY

The Mother's Club and the Christian Endeavor surprised Miss L. M. Breiner with a birthday party Saturday evening. After an evening of games, light refreshments were served. Twenty were present.

Mr. and Mrs. J. L. Olsen, Miss Christina Anderson, Mr. and Mrs. Henry May, and Mr. and Mrs. Harry Searles were the dinner guests of A. N. Benson, of Oakland, Sunday evening. Mr. Benson was the princial of the Decoto Grammar school for seven years. He now is the principal of the Longfellow school in Oakland.

* * *

Miss Isobel Thomas is back in school again after a week's illness.

DECOTO CHAMBER OF COMMERCE BALL TEAM

Principal A. P. Peacock resigned his position as manager of the Chamber of Commerce Junior baseball team. Lawrence Pimentel is to be asked to take over the team. The meeting was adjourned early, so that Henry Searles, A. P. Peacock, Henry May, John Whipple and Peter Decoto could attend the meeting at the high school to discuss the proposed junior college.

DENTON BIRTHDAY PARTY.

Mr. and Mrs. Charles Brown and son, Mr. and Mrs. Mark Hattanhouser and daughter, Mr. and Mrs. Fritz Pricer and family, Mr. and Mrs. Leo Watkins, Mrs. C. A. Walker, William Walker, Miss Olla Walker, Mr. and Mrs. Clark Drake, Charles Drake and the W. D. Denton family and R. L. Masters and son, surprised Mrs. W. D. Denton with a birthday party Friday evening.

ALASKAN PICTURES.

The Reverand Father Hubbard showed pictures of Alaska to the grammar school children and visitors today (Thursday) afternoon. He explained the scenes as they were shown. Hubbard was an arctic explorer and knows his subject thoroughly. This lecture enlightened the pupils' minds concerning Alaskan geography.

COMMUNITY CHURCH.

The Rev. J. R. Stevenson spoke on the four Gospels, Sunday evening. He also is conducting the Wednesday evangelistic services.

Miss L. M. Breiner lead the Christian Endeavor Sunday. Her topic was "Peace." A debate was held. The subject was "resolved that the United States should abolish war as a means of settling international disputes." The young men of the endeavor participated. The affirmative side won. Mrs. A. Amaral is to be the leader this Sunday evening. Members are urged to be on time at 6:45 p. m.

Misses Eva, Marie and Olga Swanson, and Oscar Swanson, of Oakland, spent the week-end at home. Miss Johnson and Miss Felthause, of Denmark, and Miss B. E. Lendrock, of Oakland, visited the P. A. Swanson family here Sunday.

* * *

Mr. and Mrs. Maxim Addison, Miss Mary Zechk, and Mrs. Elizabeth Zechk, of Oakland, visited Mr. and Mrs. Walter McPherson over the week-end.

MORE ON HIGH SCHOOL PLAY

(Continued from Page One)

was the typical love-sick swain, portraying his role well.

Eugene Dusterberry was exceptionally good as Penrod's father. George Robinson as "Jarge" and Elizabeth Shinn as the Irish cook provided bits of real comedy and were given a good portion of the applause.

The entire cast seemed well-chosen and worked together to round out a well-balanced production which went off with a "zip" and had no dragging intervals. George Coley took the part of Tim; Marie White, Penrod's mother; La Von Molter, the mother of Majorie; Mabel Fyffe, Mrs. Bassett; Maurice Silva, the villian; Catherine Sullivan, Marjorie Jones; Mary Lucas, Georgie Bassett; Lloyd Hygelund, the minister; Mary, George and Alice Lemas, the two little colored boys, and Sam Kerns, the chief of police.

MORE ON JUNIOR COLLEGE

(Continued from Page 2)

satisfactorily by Mr. Foster, showing that the same circumstances causing the failure did not exist in this territory.

Mr. Whipple expressed the doubt that as good agricultural training could be obtained in the junior college as would be possible in the larger universities. In this connection he stated that it was only fair to bring out both sides of the question. He did not vote against the motion to establish the institution desired.

Principal A. Peacock, of Decoto, spoke in favor of the Junior College, stating that he had been a student in one and that it was far superior to the first two years of a larger university in its method of dealing with students.

Principal E. B. Hodges, of the high school, spoke in favor of the project stating that he had taught in a junior college and knew of its advantages from personal experience.

Others taking part in the discussion were Harvey Braun, president of the Niles Chamber of Commerce, Dr. Chas. H. Law, president of the Niles Advertising Club, Mr. Carrol, of Irvington, Mr. Witherly, of Mission San Jose, J. C. Shinn, Geoge L. Donovan and Mrs. J. E. Thane.

The motion to establish a junior college was made by Mrs. Thane and seconded by Mr. Witherly. Mr. Donovan offered an amendment that we vote in favor of a junior college provided Pleasanton and Livermore joined in. The amendment was not passed.

Dr. Law suggested that the offer of W. J. Helm, manager of the Petersen Theaters, to allow ten minutes each Saturday and Sunday evenings until the last of March for speakers to explain the Junior College issue before theater audiences be accepted. Mr. Jones appointed a committee consisting of Dr. Law, Mrs. Shinn and Mrs. J. M. Williamson to arrange for these speakers.

Mr. Jones explained that the purpose of the meeting was to ascertain how the community felt regarding the proposition so that the board of trustees would know how to vote at the meeting to be held next Monday evening at a joint session of the four high schools concerned, when the matter will be definitely settled one way or another.

Mr. Carroll, of Irvington, stated that he had a son whom he would like to see in the junior college later, but he felt the people should know all the facts before voting the tax upon themselves. It seemed to be the concurrence of opinion that this stand was right and an attempt was made to lay all the cards upon the table, the facts in the case being stated in another column of this paper.

Although there were objections to the plan to a certain extent as referred to above, when the vote was taken there was not a dissenting voice, an enthusiastic "Yes" coming in answer to the question, "Shall we establish a junior college in the southern part of Alameda county?"

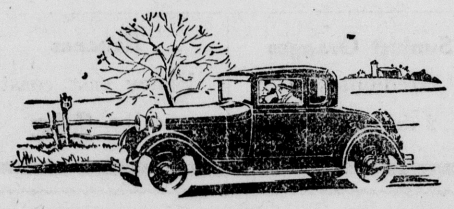
Fuel system of the new Ford has been designed for reliability and long service



THE practical value of Ford simplicity of design is especially apparent in the fuel system.

The gasoline tank is built integral with the cowl and is unusually sturdy because it is made of heavy sheet steel, terne plated to prevent rust or corrosion. An additional factor of strength is the fact that it is composed of only two pieces, instead of three or four, and is electrically welded—not soldered.

Because of the location of the tank, the entire flow of gasoline is an even, natural flow—following the natural law of gravity. This is the simplest and most direct way of supplying gasoline to the carburetor without variations in pressure. The gasoline feed pipe of the new Ford *is only* 18 *inches long* and is easily accessible all the way.

The gasoline passes from the tank to the carburetor through a filter or sediment bulb mounted on the steel dash which separates the gasoline tank from the engine.

The carburetor is specially designed and has been built to deliver many thousands of miles of good service.

Since all adjustments are fixed except the needle valve and idler, there is practically nothing to get out of order.

The choke rod on the dash acts as a primer and also as a regulator of your gasoline mixture. The new hot spot manifold insures complete vaporization of the gasoline before it enters the combustion chamber of the engine.

As a matter of fact, the fuel system of the new Ford is so simple in design and so carefully made that it requires very little service attention.

The filter or sediment bulb should be cleaned at regular intervals and the carburetor screen removed and washed in gasoline. Occasionally the drain plug at the bottom of the carburetor should be removed and the carburetor drained for a few seconds.

Have your Ford dealer look after these important little details for you when you have the car oiled and greased. A thorough, periodic checking-up costs little, but it has a great deal to do with long life and continuously good performance.

been railroaded through.

"Gentlemen, I ask that we make this a democratic organization and select men for office by ballot, in keeping with the constitution and by-laws of this body. What fair man can object? Certainly it is no honor to occupy the president's chair if the place has not been won by the majority vote of all the members present.

"Let us rekindle the confidence of the people of Niles in this Chamber of Commerce by carrying on its deliberations in a regular, democratic way—in harmony with the constitution. If not, let us scrap the constitution, and no longer make it a mockery, by the pretense of abiding by its regulations."

Mr. Braun suggested that they continue with the election as had been customary, this opinion being endorsed by Lester Duffey.

J. E. Townsesnd was appointed chairman of a membership committee to secure as many new members for the organization as possible.

The request of the Children's Department of the Welfare Board was read but it was decided to take this matter up next week.

The matter of the police district for Niles is also to be discussed next week.

The Chamber of Commerce went on record opposing the 100-foot highway entrance to Niles being through Second street. They desire further information, however, before they recommend First street or the Foothill road.

Emil Jannings Will Be at Niles Theater

Due to the fact that Friday is a holiday the Niles Theater will give a special program. The picture to be shown is "Burning the Wind." Hoot Gibson is starred in this, and with his clever acting is sure to provide great pleasure for his audience. There will be two performances, one beginning at six fifteen and the other beginning at eight fifteen P. M.

The picture Saturday night is a drama with a message for humanity. It is "Gang War" featuring Jack Pickford and Olive Borden, in a theme that will flame across the world.

Sunday and Monday will bring you "Trail of '98." Dolores Del Rio and Ralph Forbes are the stars of this remarkable film.

"Sins of the Fathers" brings the great Jannings before us once again. His acting surpasses anything done in the past. You will see him in a characterization so true, so human that it stands high alone. The role is an American one even greater than "The Way of All Flesh" and "The Patriot."
